Ms Amy Lane
Color Visual Concepts Inc
Po Box 250
Granbury, TX 76048-0250

Dear Amy,

Inc. magazine has identified Color Visual Concepts Inc as one of the fastest-growing companies in the Bus Services Nec industry. Our information suggests your company has grown 240% in the period from 2003 to 2006.

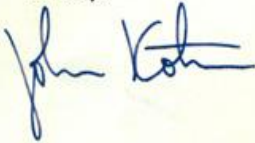

If you verify your growth, you'd qualify for the Inc. 5,000, our annual awards given to the fastest-growing companies in America. You also appear to be a good candidate for our awards for the top 100 companies in your industry and the top 100 in the Dallas--fort Worth, Tx area.

For 26 years, *Inc.* magazine has written about entrepreneurial companies like yours. Microsoft, Timberland, Domino's Pizza, and thousands of other companies were recognized by the Inc. 500 long before they became household names.

More than 25 million media impressions about companies on the list appeared last year. Making the list also earns you an invitation to the Inc. 500 Conference, America's most important annual event for entrepreneurs. Now that the list is 5,000 strong—ten-fold previous years—you have a better chance than ever of making the list and being profiled by *Inc.*

Applying is easy and takes only minutes. Just go to inc5000.com or call 1-800-248-0308 with any questions. The deadline is April 15, 2007, so apply today!

Sincerely,

John Koten
